Fall 2023

Summer may be over, but we are busy in the museum!

Ron Marr retires as President of the LBI Historical Association

After 10 amazing years, Ron Marr is stepping down from the role of Association President. He has guided the museum through many challenges, not the least of which was COVID, and provided the leadership to all who serve the museum. His vast knowledge of the artifacts and the building itself has enhanced the museum's ability to be an integral part of our island. As Past-President, Ron will continue to be singularly one of the most valuable assets of the museum. He will support our new President, Dr. Denise Cleveland as she assumes her new role and he remains an active member of the museum's Board. We gratefully thank Ron for his generosity with his time, guidance and knowledge and we look forward to continue working with Ron in the future.

Island Voices Update!

Island Voices continues to gather steam in the museum. We are busy collecting the stories from long time LBI residents! The anecdotes highlighting stories from WWII, the great storms to hit the island and more! As the team continues to work through the winter, the goal is to have a good foundation ready for the public by spring time! Stay tuned...
